Dear Ralph -

When I spoke to you by phone last weekend I guess it wasn't clear what I was looking for. White Ox, a non-profit company I'm part of, is going to run a film-video program with the Memorial Art Gallery (Rochester's public art museum) over a period of weekends this spring. One, April 28th, will be devoted to video. We'd like $\frac{1}{2}$ inch, any duration and kind as long as it's high quality. Particularly, we'd like seeing the work you sent the Everson - and anything else you feel is appropriate.

If you are interested please send it for previewing (as soon as possible) and we'll pay for shipping both ways - and return it promptly. Please include rental fees in case we can use it for the show and mail it to the ^(M.A.G.) Gallery, 490 University Ave, Rochester, N.Y., 14607, attention Joan Rangeras. I look forward to seeing anything you send. Thank you. And please thank Ken for helping me out that afternoon (last Monday) I showed up.

P.S. can you suggest any other source for good video? I already wrote the Kitchen.
